About Us

AGC is a family-friendly gymnastics club that values safety and mental health as much as personal success and performance.

We are committed to being a leader in providing a safe & inclusive environment that empowers athletes to reach their full potential by building solid foundations for life-long success.

ALTADORE GYMNASTICS TRAINING FACILITY

We offer a 33,000 sq.ft facility which has tons of space for our Preschool, Recreational, and Competitive programs. We run each program by timed rotations so that athletes are never waiting for open equipment.

Our Story

Altadore Gymnastic Club started at the Altadore School in 1967 by Jim McLuskey. Our Squirrel Mascot is named Jimmy, after Jim. AGC is proud to be the Home of Lifetime Coach, Ed Vincent.

For over 35 years, Ed has been contributing his talents to our facility and continues to inspire us. Now over 85 years old, you can still see him training at the gym. Ed is the founder of the Men's Program at AGC.

Our History

Back in 1967, we established ourselves as Calgary's inaugural Gymnastics Club. Through the years, we've nurtured Olympians and take pride in offering an enjoyable space for achieving gymnastics goals. With a legacy of over five decades, AGC has consistently delivered top-notch gymnastics to the community. We firmly believe that gymnastics serves as an excellent platform to instill your child with essential qualities like strength, coordination, and body awareness, crucial for excelling in various sports. Our meticulously crafted programs prioritize safety and cater to each child's unique age and skill level.

Our Men's Program made Canadian History in 2004 when Altadore Athlete Kyle Shewfelt, coached by Kelly Manjek, flipped his way to Gold at the Olympic Games.

AGC Values

At Altadore Gymnastic Club, we put as much value on mental health and safety as we do on personal success & performance.

We are building athletes to love their sport for a lifetime.

Our staff takes pride in providing the cleanest, SAFEST and most organized gymnastics centre in our area.

We believe in a safe amount of training hours, slow progression of skills, body positivity & fun!
